

## Kama Precision Bandsaws

Welcome to the world of accuracy

### AD 105P Portable KAMA Bandsaw 📄

This handy machine is built with the same solid aluminum casting as the AD 105S. It is precision machined and assembled with highest quality gears, bearings and pulley assemblies to assure smooth, vibration free use.

### Features of the AD 105P KAMA Bandsaw

CUTTING CAPACITIES			
			
90°	4.00	-	4.00x4.00
45°	2.25	-	2.25x2.50

**Size:** 16" L X 13" W X 12" H

**Blade Size:**

3' 8 7/8" X 1/2" X .025 Bi Metal Blade

**Blade Speeds:**

60-330 Feet Per Minute, Variable Speed

**Weight:** 19.8 pounds

**Available Voltage:** 115 V

Please note: although you can use a Portaband blade with this machine, a standard Portaband blade thickness is only .020" The AD105P is designed to use a blade with .025" thickness which give much greater beam strength for square cuts and accurate mitering. These blades are widely available from good industrial blade suppliers or you can order from us. The AD105P comes standard with an 8-12 tooth variable pitch bi-metal blade.

	Price	Shipping
KAMA AD 105P Portable Bandsaw	\$ 449.95	\$ 24.00
