Welcome to the world of accuracy

## EV 88 Portable Benchtop KAMA Bandsaw 📐

If space is an issue in your shop, but you still need good cutting capacity, the KAMA EV 88 is the machine for you. 6" cutting capacity in a machine less than 18" square! Of course it has the cutting precision you expect from a KAMA Precision Bandsaw.

EV 88 shown in mitering position with optional steel base.

Adjustable blade guides allow the user to true up the vertical direction of blade, even when blade is worn.

Heavy, precision machined steel mitering bracket provides solid support for sawing arm.
