

Kama Precision Bandsaws
Welcome to the world of accuracy

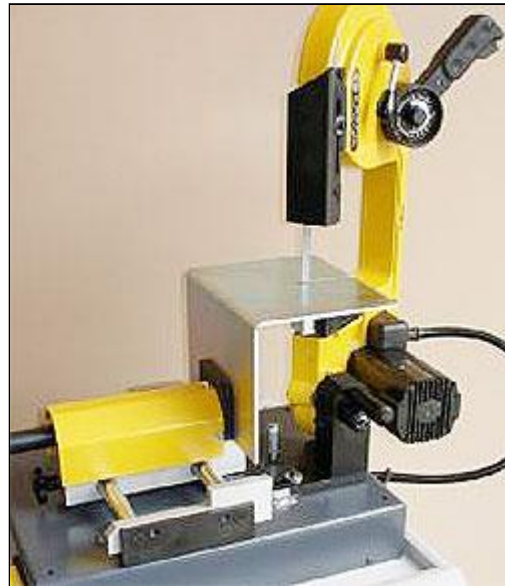

EV 91DM-HV Portable, Double Miter, Horizontal/Vertical **KAMA Bandsaw** ■■

Miters 45° Left AND Right AND goes vertical in 15 seconds!
The most versatile bandsaw you can own today!

Change from Pulldown

in just 15 seconds!

to Vertical Bandsaw

The new, EV 91DM-HV KAMA Bandsaw gives you everything you need for cutting anything in your shop! Need to sever a piece of material? NO PROBLEM, the EV 91DM-HV will cut any piece of steel, stainless steel, aluminum, plastic or wood UP TO 6 INCHES IN DIAMETER! Need to cut a pattern? NO PROBLEM, simply change to the vertical bandsaw mode and your horizontal pulldown saw converts to a vertical bandsaw, in 15 seconds!!!

Here is how easy it is!!!

Step 1
Swing your saw up to the vertical position

Step 2
Lock it in the vertical position with locking pin

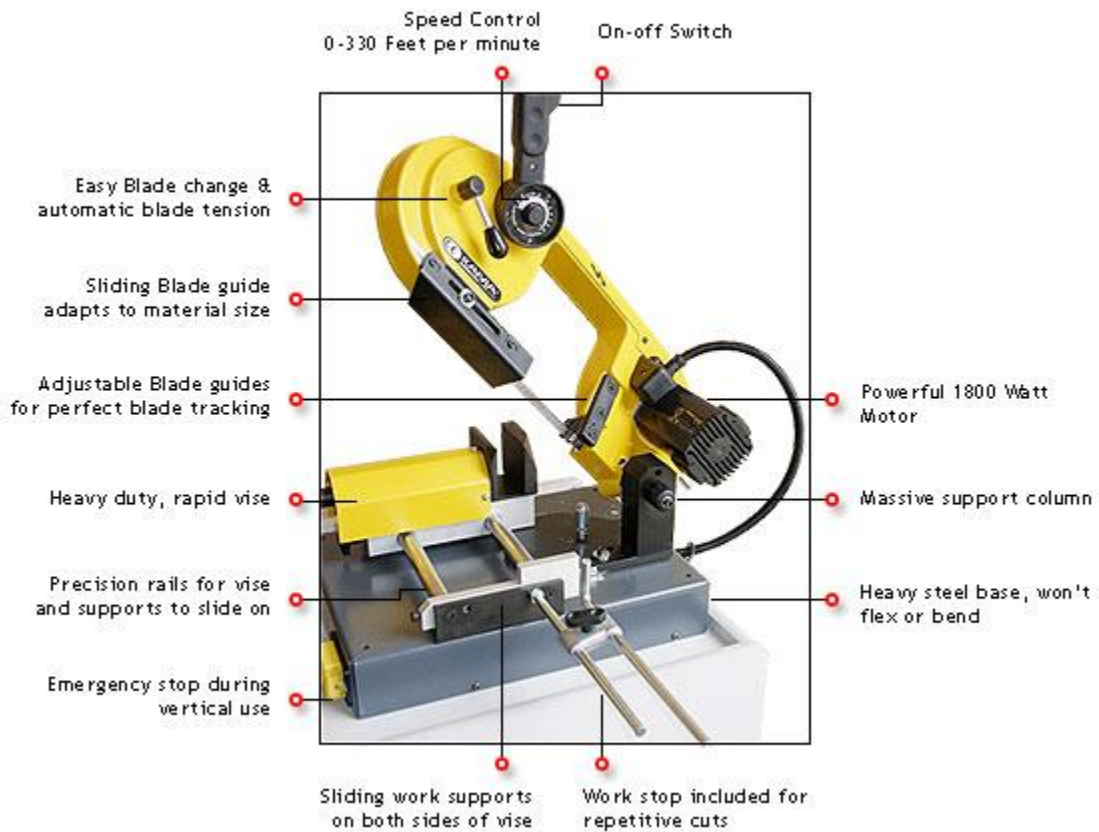

Step 3
Put the table into vise

Step 4
Tighten the vise securely

The EV 91DM-HV is constructed the way all KAMA machines are: **OVERBUILT** for years of steady, dependable use making accurate cuts day in and day out. Now you can cut almost anything, with one, simple to use, space saving machine.

CUTTING CAPACITIES			
			
90°	6.00	5.00	6.00x5.00
45°	3.00	2.00	3.00x2.00
